

HARRAN UNIVERSITY

Code of the course : 0804850

Name of the course : Phytogeography

Name of the instructor who taught the course last semester : Assoc.. Prof. Dr. A.Cenap CEVHERİ

Name of the course	Code	Term	T + P	Credit	ECTS
Phytogeography	0804850	2	2+0	2	4
Course Prerequisite					

Type of the course (Obligatory/Elective)	Elective
Name of the instructor who taught the course last semester	Assoc. Prof. Dr. A.Cenap CEVHERİ
Aim and goals of the course	Phytogeographical basis for plant geography and a variety of areas to teach the structure and distribution in our country Floristic Plants
Contents of the course	As described in lecture content
Weeks	Semester Teaching Plan
1	Introduction to the geography and history of General Plant
2	Plant Geography and Geological Periods
3	Phylogenetic
4	Floristic Phytogeography
5	Propagation factors and Areal
6	Cosmopolitans, Vikaryantlar
7	Endemics, and Endemism
8	Midterm exam
9	Relict, Intermittent and Continuous Fields
10	Formation and Spread of Plants Areal
11	phytogeographical regions
12	Geographic Spread of Vegetation
13	Vegetation phytogeographic region of Turkey
14	Vegetation phytogeographic region of Turkey
15	Final
